VISION:

Resilient, liveable and healthy
Pilbara communities

MISSION:

To help build a sustainable, informed,
connected and trusted
Community Services Sector

Cyber Security for NFP Managers

Weds 14th February, 12pm to 1pm
Presented by Infoxchange with P4P

Cyber security protections are essential to keep client and organisational data safe, but many organisations don't know where to start. In this webinar we'll talk through the key elements required to protect your information and provide a range of additional resources, training tools and information to help you on your cybersecurity journey..

Topics covered in the webinar include:

1. Current cyber threat landscape
2. Security protections and practices organisations should have in place
3. Generative AI: some do's and don'ts
4. Cyber security framework, roadmap and resources
5. Useful Do's and Don'ts for use of AI in the NFP sector

Online information session - Constitutions, ACNC, DGR and PBI status - Tuesday 6th February, 12pm

To help organisations understand the ATO self-assessed not-for-profit register and the challenges presented by incorrect purposes/objects in your constitution, we have organised an information session with Cameron MacRae from Neighbourhood Houses Victoria and Australian Neighbourhood Houses and Centres Association. This information session will provide some guidance around the requirements for achieving ACNC and PBI status before 30 June 2024, and how to tighten up your governing document (constitution) to ensure your Purpose and Objects comply with these requirements.

Register here: <https://events.humanitix.com/online-information-session-constitutions-acnc-dgr-and-pbi-status>

ADHD Training in the Pilbara

P4P is partnering with ADHD WA to deliver much needed ADHD training in the Pilbara to parents, caregivers, teachers, educators as well as services working with young people and families.

The main focus of the training will be on the following:

- What is ADHD and how does it present in boys and girls?
- Tools that parents/carers can use to support their child/young person and themselves
- Tools of engagement that teachers/services can use to support their young people and create neurodiverse environments.

Thanks to Fortescue and the Stan Perron Charitable Foundation for providing generous support to enable this training to be brought to the Pilbara.

Please register your interest ASAP by email to pilbara4purpoae@gmail.com

How can P4P support you?

We welcome your suggestions on how P4P can support you in 2024.

Is there any training you would like to see delivered locally to upskill your staff?

Would you like opportunities to connect and network with your peers and key stakeholders?

Are there service provision or social policy issues we can advocate on collectively?

How can we support greater collaboration and information sharing?

Please email your ideas through to pilbara4purpose@gmail.com
